11th July	Summer Performance 2pm and 6pm
17th July	Shuttleworth Trip for Acorns
18th July	Acorns End of Year Assembly
18th July	Leavers Assembly 2pm

The school had a special visitor on Wednesday. Marcia from the Community Education Team at Anglian Water ran a workshop in each class with various water activities and experiments. We learned about the water cycle, how to save water, how water is cleaned, what goes into sewage and what not to flush down the toilet!

Willow class used our senses to work out which cup contained tap water.

We also played a water efficiency matching game to find all the ways we can save water in our homes. In another experiment, we discovered that toilet paper breaks down into small pieces very quickly but baby wipes do not break down at all!

Parents— Sports morning is on Monday from 9:15— approximately 11am at the recreation ground. Please make sure the children have their PE kits. Thank you.

We hope to see you all at the school fete tomorrow!
