17th Dec	Christmas Production in the Chapel
18th Dec	Christmas Lunch In village hall
19th Dec	Christingle in school for pupils and staff only

The astonishing Acorns had a great time preparing pumpkins for Halloween. The children were all really good using the tools sensibly and naming the shapes they cut out of the pumpkins.

Part of the 'Understanding the World' area of learning looks at growth, decay and change. The pumpkins will help demonstrate decay and change to the Acorns. The children will be asked to predict what they think the pumpkins will be like when we return after the holidays. Usually after 9 days in the garden the pumpkins do not disappoint.

The astonishing Acorns are very good with numbers and this week they have been working on one more than a given number. We made our own number line and jumped along it to work out the answer to 'one more' questions.

**Parents — Next week is half term. As Monday 29th October is a staff training day the children will return to school on Tuesday 30th October.**

**REMINDER: No chocolate or sweets in school lunch boxes please.**
